FINDING YOUR WAY AROUND CAMPUS

BCC PARAMUS CAMPUS MAP <https://bergen.edu/wp-content/uploads/CampusMap-0418.pdf>

BCC PARAMUS CAMPUS PARKING: The Paramus camp is located at 400 Paramus Rd; Paramus, NJ. Enter at the main entrance and follow the signs to Student Parking Lot B. Parking is free. Park in the Student Parking Lot B. ILR members do not need a parking pass, but if you would like one, reach out to the ILR. The Technology Building is closer to Lot B's G-9 area. The Pitkin Education Center is closer to Lot B's G-1 area. For more information on parking please reach out to Public Safety.

TECHNOLOGY BUILDING: This is a free-standing building, just past Pitkin by an athletic field. You can spot it from the outside by the white observatory. It has 2 main entrances and is two stories high. An elevator and main staircase are in the front lobby by the Continuing Education and Workforce Development counter, TEC-115.

PITKIN EDUCATIONAL CENTER: This is the main building on campus. In addition to classrooms, you will find here the Student Center, Starbucks Coffee Shop, Cafeteria, Bookstore, Gym, Pool, Public Safety, Bergen Bistro, and more.

DIRECTIONS TO CLASSROOMS COMMONLY USED BY THE ILR

Technology Building

TEC-201 and other TEC classrooms: TEC classrooms are in The Technology Building. Enter from either side of the building and take the stairs or elevator off the main lobby up to the second floor.

Main Outdoor Courtyard

In the center of campus, between the Health Professions Integrated Teaching Center and Pitkin Education Center is a large outdoor area with a lawn and outdoor seating.

Pitkin Educational Center

A-104: A-104 is on the first floor near the Student Center area of the Pitkin Education Center. It is down a small hall near the restrooms across from the One-Stop Registration.

B-323: B-323 is in the Pitkin Building. This classroom is close and easy to get to as long as you use the P-27 Entrance. This is a small entrance along the side of the Pitkin building. It is near a small white gazebo that sits just outside of the main outdoor courtyard. (From the Technology Building exit the main lobby and walk straight on the path across the road, and you will see Entrance P-27 directly in front of you.) Once you enter through the P-27 Entrance, you will see a bank of elevators in front of you. Take them up to the 3rd floor. When you exit the elevator, you can only turn left. Your classroom is a few doors down on the left.

L-141 thru L-160: To get to the first floor L classrooms, enter the Pitkin Center via the South Entrance off the main outdoor courtyard into a lobby area. There are two short hallways off this lobby area with L-classrooms. Walk straight ahead past the TV screen on the wall into a short hallway for classrooms L-141 thru L-147. Walk right through the lobby area over towards Public Safety. Classrooms L-148 thru L-160 are down a short hallway right in front of Public Safety.

S-138: S-138 is in Pitkin Education Center (quick walk from Public Safety). Enter Pitkin from the South Entrance of the outdoor courtyard area. Passing through the lobby area, head right towards the Public Safety Office. In front of Public Safety, look for the hallway sign for classrooms “L-148 thru L-160” and walk down this hall. At the end of this hall make a quick right and then take a quick left through the double door following signs to the Lecture Halls. S-138 is the first lecture hall on the right.

S-343: S-343 is in the Pitkin Education Center Science (S) Wing. Use the South Entrance to Pitkin which faces the outdoor courtyard. You will see Public Safety on your right and elevators on your left. Take the elevators up to the third floor. Head right past the water fountain and restrooms through a doorway into a long hallway with a brownish orange floor. Turn left onto this hallway and start heading down it. When the doors turn green you have entered the Science Wing. Walk a bit further and take your first left passing a bank of vending machines. S-343 is a few doors down on the left.
